

EXPO 2017 ASTANA

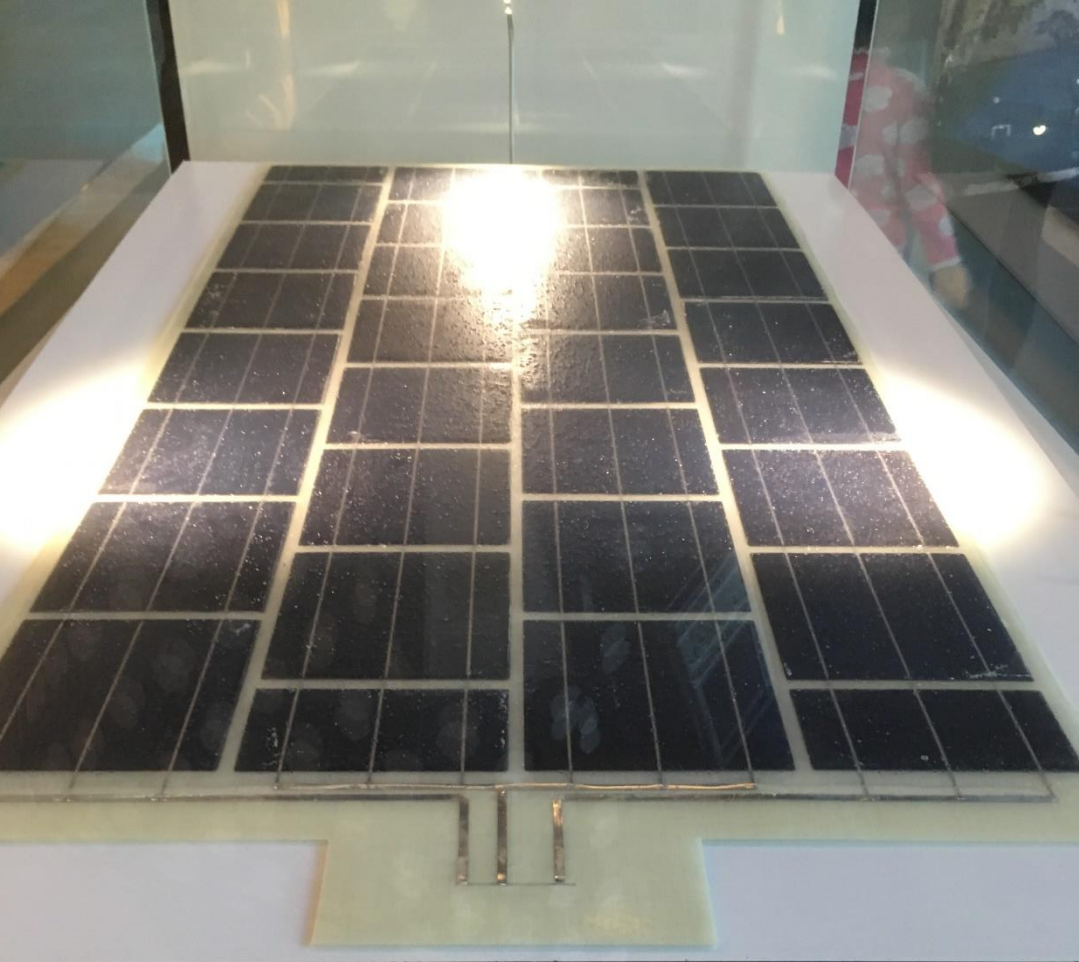

ПАНЕЛИ WATTWAY

Собирает эти очень тонкие панели без использования стекла или с использованием ультратонких кремниевых панелей, которые одновременно могут служить покрытием. Этот материал является возобновляемой энергией для любых транспортных средств.

WATTWAY SOLAR PANELS

Colas makes these very thin, glass-free solar panels with polycrystalline silicon cells that are also roads to drive on. The pavement provides clean, renewable energy in the form of electricity, safe for all types of traffic.

SLOVAKIA

The background is a solid teal color with a subtle gradient. In the corners, there are decorative white line-art patterns resembling circuit traces or a stylized city grid. These patterns consist of straight lines of varying lengths and angles, ending in small open circles. The patterns are located in the top-left, top-right, bottom-left, and bottom-right corners, framing the central text.

ĎAKUJEM ZA POZORNOST
