

**18th Czech and Slovak Conference on Magnetism
CSMAG'25**

July 7-11, 2025
High Tatras, Slovakia

FIRST ANNOUNCEMENT

CSMAG'25 will take place from 7th to 11th July 2025 in High Tatras, Hotel Patria, Slovakia

The conference will be organized by

Faculty of Science Pavol Jozef Šafárik University in Košice (FS UPJŠ) and Institute of Experimental Physics, Slovak Academy of Sciences (IEP SAS), Košice in cooperation with Slovak Physical Society, Czech Physical Society and Slovak Magnetic Society.

International Advisory Committee

Ivan Škorvánek (Košice)	Tibor-Adrian Óvári (Iași)
Peter Kollár (Košice)	Davide Peddis (Roma)
Jana Kalbáčová Vejpravová (Prague)	Mauro Giovannini (Genova)
Jiří Kaštil (Praha)	Mark W. Meisel (Gainesville)
Peter Švec (Bratislava)	Luis Fernández Barquin (Santander)
Tomáš Pleceník (Bratislava)	Juraj Krempaský (Willigen)
Ilja Turek (Brno)	Victorino Franco (Seville)
Tadeusz Szumiata (Radom)	Jesus Angel Blanco Rodriguez (Oviedo)
Karol Szalowski (Lodź)	
Bogdan Idzikowski (Poznań)	

Organizing Committee

Chairman:	Pavol Sovák	FS UPJŠ Košice
Secretary	Adriana Zeleňáková	FS UPJŠ Košice
Programme:	Martin Orendáč Martin Gmitra	FS UPJŠ Košice FS UPJŠ Košice

Scope of the Conference

The objective of the conference is to offer the opportunity for the Slovak and Czech scientists and guests from other countries working in the field of basic and applied magnetism to present their recent results and to exchange ideas and technical information.

Technical Content

The programme of the conference covers the following areas:

1. Theoretical challenges in magnetically ordered and disordered systems
2. Amorphous, nanocrystalline and other soft magnetic materials
3. Magnetic materials for energy applications (permanent magnets, magnetocaloric materials, motors, transformers,)
4. Magnetic materials and heterostructures for spintronics, topological and quantum magnetic phenomena,
5. Fine particles magnetism,
6. Low-dimensional magnetic materials, molecular magnets and ferrofluids,
7. Rare-earth and 5f-systems,
8. Strongly correlated electron systems, superconducting materials,
9. Multifunctional magnetic materials (multiferroic, magnetoelastic, shape memory, ...),
10. Other magnetic materials and applications not included in 1-9.

Each session comprises both oral (invited and contributed talks) and poster presentations. Invited talks will take 30 min. Contributed talks will have duration of 15 min. The area allocated to each poster will be approximately 1.0 m x 1.2 m.

Conference Language

The working language of the conference is English.

Conference Location

Conference sessions will take place in the lecture halls of congress centre of hotel Patria. Hotel Patria**** is an exclusive hotel located in the heart of the High Tatras - Štrbské Pleso. the hotel has been one of the most sought-after destinations among domestic and foreign guests.

Proceedings

The Proceedings of the Conference will be published in the Journal recognized by the Current Content database (under negotiations).

Registration

Full registration fee paid before April 30, 2025 is 550 EUR; on-site registration fee is 600 EUR. Reduced registration fee for PhD and master students paid before April 30, 2025 is 350 EUR; on-site reduced registration fee is 400 EUR. Candidates are requested to provide an application and a valid student ID card. Companion registration fee is 300 EUR. Both, full and reduced registration fees include access to oral and poster sessions, abstracts and conference program, participant kit, meals, welcome dinner, conference reception, access to social programme, and coffee breaks. Companion registration fee includes welcome dinner, conference reception, and access to social programme.

Accommodation

Accommodation in hotel Patria or in other hotels in Štrbské Pleso with various price categories will be available.

Deadlines:

February 28, 2025	- Receipt of abstracts
March 31, 2025	- Acceptance of abstracts
April 30, 2025	- Registration, conference fee
	- Reservation of accommodation
May 30, 2025	- Receipt of manuscripts
